NEW ANNEX COMPLETE AT COMMUNITY RESOURCE CENTER IN SOUTH WHITTIER

**Expansion Includes a Multipurpose Room, a Health Clinic,
and Support Spaces**

South Whittier, November 3, 2016 – Less than one year after breaking ground, Los Angeles County officials joined in the celebration of the grand opening of the 3,500 square-foot Community Resource Center (CRC) annex. The Community

Development Commission of the County of Los Angeles (CDC) oversaw the development of the \$4.2 million dollar project, funded by the office of Fourth District Supervisor Don Knabe.

The CRC's core services include education, health, and programming for youth, seniors, and families. With the completion of the annex, these valuable services will be

permanently anchored so the facility can remain focused on improving the quality of life for the residents of the unincorporated Whittier areas. The expansion included a multipurpose room, a health clinic, and support spaces. Exterior site work

included drought-tolerant landscaping, paved walkways, and related improvements as well as a partial remodel of the existing main building located adjacent to the new annex.

“The CRC has established itself as a source of services and resources within South Whittier. The new annex provides needed space for CRC staff, and partner organizations, to continue to meet the needs of the growing community,” said CDC Executive Director Sean Rogan.

The CRC is located at 10750 Laurel Avenue in South Whittier. For more information on CRC services, please call (562) 946-2425. All media may contact Elisa Vásquez, Public Information Officer for the CDC, at (626) 586-1762.
